In preparing a budget for th next fiscal year, the Pamplin Town Council finds that it will not be possible to provide necessary town services without an increase i taxes. Because of increasing expenses and decreasing revenue an increase in the town levy from fifty cents (50¢) to seventy-five (75¢) per one hundred dollar ($100.00) valuation will be necessary to meet expenses of essential services. The minimum schedule for town licenses will be increased from one dollar ($1.00) to five dollars ($5.00).

Father Darkleaf

by e. h. v.

We just arrived at Treasure Island, on St. Petersburg Beach, Florida. We got hopelessly "lost" coming into town, but Mother Nightleaf finally got us safely registered at our favorite motel, The Mariners, on Gulf Blvd. (I have frequently found that although you have been to a place several times you think you know all the directions, that they have singe set up new expressways and such, and you can get all tied up.) Mrs. Bowin is the hostess here, Mr. and Mrs. Boa Hall from Canada. They spell her name with an "i" instead of an "e" and say that's the French anstry.

Tomorrow, I will visit my favorite sea-shell shop, and I do not think I will attempt to go to "Webb Wheel Drug Store" which claims to be perhaps the world's largest. They had four pages of ads in the local newspaper today!)

Oh well . . . I want to "cry" a little about Lt. Col. John Hershel Glenn. That man has been through tremendous ordeal. But, heavens to Betsy, he has the stamina to "take it" and I salute him as a great American.

But there are so many fine people to "salute." For example, the girls' basketball team at Appomattox High School. Those girls are making fine record. (Did anyone know that I coached a girls basketball team which won 52 straight high school games. And with no credit to me. Was all due to one forward on the team . . . just get the basketball into her hands, and you had 20 points!)

Want adv: "Lovely kitten desires position as companion to a little girl. Will do light MOUSE work.

Rebels Win Over Rustburg

Continuing up the winning lad- the Appomattox Rebels reached the second rung from the top defeating Rustburg High School Friday night. High scorer, Jimmy Clarence sunk 15 points to be back- ed by great team support, thus giving them a 34 - 29 victory.

Tuesday night, the Rebels top- William Campbell's Generals a score 61 - 49 .

The Rebel girls defeated the Rustburg Dewels 53 - 15 with Pat Thomas scoring 29 points. Each of the fifteen girls participated the victory to show a round cooperation.

DECEMBER BUSINESS EXCEEDS 1960 MARK

Williamsburg, Va.—Business and economic activity in Virginia during December ahead of the same month last year, continuing an upward trend apparent throughout the fourth quarter of 1961.

Eight of the nine components registered gains over December of 1960, while newspaper advertising lineage remained approximately at the same level of activity as last year. Twelve of the 14 cities indices were up, many showing substantial gains over last year.

Ten cities registered a growth of three per cent or more; Virginia's four largest metropolitan areas continued to make a good showing, with Newport News index 5.9 per cent ahead, Norfolk up 4.4 per cent, Richmond up 7.3 per cent and the Roanoke index at 3.8 per cent above last December.

In comparison with the base period (1956-58), business and economic activity continued to show steady growth, with all nine components registering gains in December. All fourteen city indices also showed growth over December of the base period, with Charlottesville, Newport News and Staunton continuing to post the largest gains.

This business report is published monthly by the Bureau of Business research at the College of William and Mary under the direction of Algin B. King.

In making this report, the Business Research Bureau studies the following components: bank debits, building permits, electricity consumed, newspaper advertising lineage, new car registration, postal receipts, retail sales, water consumed, and non-agricultural employment.

Tobacco Vote To Be Held February 28

Burley tobacco growers will vote Tuesday February 20 Pat Ketring quotas for the next three crops, C. D. Lewis, chairman of the Agricultural Stabilization and Co servation Committee reminded farmers today.

Growers eligible to vote in the referendum are all those who produced Burly tobacco in 1961 and shared in the crop or its proceeds. Also each person who was either the owner or operator of a farm for which a 1961 Burley tobacco allotment was established is eligible to vote even though no tobacco was actually produced on the farm, if any of the allotment was preserved for history purposes.

"The decision to be made in the quota referendum can be simply stated" Chairman Lewis declared. "If quotas for Burley tobacco are approved by at least two-thirds of the growers voting, the law provides that the present program will to be continued for the next three crops with penalties on 'excess' tobacco marketed, acreage allotments and price supports.

"On the other hand if more than one-third of the voters disapprove quotas by voting NO, there will be no marketing quotas, no penalities on 'excess' tobacco and no price support program on the 1962 crop."

"In that event another referendum would be held next year on marketing quotas for the next three crops."

Notices of individual farm acreage allotments will be mailed soon to farm operators so that they may know in advance of the vote how the quotas will affect their farming operations in 1962.

Chairman Lewis urged all eligible Burley tobacco growers to vote in this important referendum.

Deer Kill Down In Virginia

The 1961-62 Virginia deer kill will probably be between 32,500 and 33,000 according to a nearly complete count of big game tags by the State Game Commission. While this reflects a drop of over 3,000 animals from last year's record total of 36,166, it is Virginia's second highest kill on record. The western kill was down over 2,000 from last year's total and the eastern kill is expected to be down about 1,000 when all tags are tallied. Caroline County again led the state with a total of 1,966. Augusta County was the biggest producer in the west with a take of 1,921 deer.

The decrease was attributed, in part, to an increase in the number of poor quality deer ranges which are carrying as many or more than they can support. On these densely populated areas with large blocks of mature timber, deer have found competition keen and food scarce. The health of these herds is not up to par.

Checking stations examinations of deer made by Game Biologists in Bath County showed an almost complete lack of yearlings, indicating something happened to the 1960 fawn crop. The rough winters in 1959 and 1960 could have caused poor fawn production and poor survival of those fawns that were produced, biologists concluded.

Game biologists are convinced that Virginia deer herds will continue to decline in some areas as to what has been good brushy deer range grows into mature timber. This will continue, they say, until logging or some other practice opens these areas as fast as they reach maturity.

Discuss Federal Farm Program

J. N. Jennings, Appomattox County ACP Office manager, was discussion leader last week as the Appomattox Young Farmers discussed Federal Farm Programs. Main purpose of the discussion was to bring the group up to date on the latest changes in these programs. The Feed-Grain Program, the help available to farmers for soil conserving practices from the ACP programs were all discussed. Albert Harvey, Club president presided at the meeting held in the vocational agriculture building at Appomattox High School.

Next meeting for the young farmer group is set for February 12th. Topic for that night will be VARIETIES AND FERTILIZER RECOMMENDATIONS FOR 1962. The group meets in the vocational agriculture building at 7:30 P. M. Interested young farmers are invited.

Three members and the advisor of the local club plan to attend the State young Farmer convention to be held in Roanoke February 2 and 3. Bill Williamson, Calvin Harris, Floyd Moore, and advisor W. L. Motley are planning to attend. Bill Williamson is Southside Virginia Area president and as such is a member of the State executive committee of Virginia Young Farmers.

Retail business in Appomattox County was at a high level in the past fiscal year on local consumers, despite the unemployment that prevailed, spent freely for basic goods and services.

Not all retail lines fared equally. Gains were recorded by some and not by others because of a highly selective buying attitude shown by shoppers.

The new pattern that these spending has been taking reflects, to a degree, changes that have been observed in most parts of the nation. The Department of Commerce reports that the consumer today is spending 7 per cent more on services than he did in 1958, 2 per cent less on durable goods and 5 per cent less on non-durables. His overall outlay, however, is much greater.

In Appomattox County, local residents spent 64 per cent of their retail dollar for food and for automotive equipment and supplies in the past year. The total was $4,291,000.

The figures are contained in the recent survey made by the Standard Rate and Data Service. It shows for all sections of the country, where people spent their money and for what in the 12 months ending July 1, 1961.

The volume of business done by local food stores, exclusive of restaurants, amounted to $1,018,000.

Purchasers of cars, boats and other automotive equipment came to $2,468,000.

Gas service stations took another $905,000.

Other types of stores also did well, most of them showing improvement over the prior year.

Those selling general merchandise, such as department and variety stores, accounted for $561,000.

Apparel shops grossed $171,000, home furnishing stores, $88,000, and drug stores, $172,000.

The grand total, for all local retail establishments, was $6,830,000, an increase over the 1960 fiscal figure of $6,686,000.

This spending volume at the rate of $2,822 per household.

According to forecasts by the National Industrial Conference Board and others, an even better year is in prospect for 1962.

Red Cross Chapter Names New Chairman
